

CPS 210 - Lab Quiz 2

Name: _____

1. The base of a triangle is **10 inches**, and the height is **25 inches**. Compute the area of the triangle using the formula below and display your result using a print statement (you DON'T have to use variables for this — you can just do the calculation in your print statement).

$$\text{area} = 1 / 2 * \text{base} * \text{height}$$

2. Using **printf**, write a program that displays the following. Numbers should NOT be treated as Strings. There are 3 spaces between each column:

ID	Username	Password
125	bobby	xxxxx
